I have some great memories of GSIMR, during my PG the institute had just shifted from the old block to new one and the air was filled with excitement.

Each and every student had a twinkle in their eyes. During that time each and every staff and teaches helped us to start the new beginning. We had great fun in GDs and all are batchmates used to exchange lot of new ideas. Everybody used to discuss about their specialization.

The new computer lab made us explore lot of programming modules. We also enjoyed a lot giving the presentation wherein each topic was something new which made us learn so much. I had beautiful memories which I have preserved till date.
