EDITORIAL

Choosing the right career can be extremely challenging. Exploring your first career out of college or considering a career shift, the secret lies in bringing about your insight and imagination to figure out what really attracts you in unleashing your talents and skills.

In the current economic scenario one might find it difficult to overlook financial security. But what eventually matters the most, for maximum number of people, is job satisfaction above salary, which makes them feel contented at work. So, unless there is a dire need for you to take up the first opportunity coming your way, it's instrumental to gauge your primary interests and passions. Initially, it may seem difficult but with careful thinking and insight you can fit your passions into a new career. Various online tools can also be harped upon through the process of self-discovery. Together with personal brainstorming these tools can surely help you find your dream career where you can try achieving the unachievable both, financially as well as in terms of contentment.

Issue will unfold various Horizon of management Alumni continuously sharing their experiences by writing testimonials for the organization. Congratulation team GSIMR for latest placement and connecting corporate leaders to students through webinar.

'देखा है मैंने'

नन्ही सी कली से लेकर, मुरझाते फूल को देखा है मैंने,
घुटनों से चलना सीखकर, घुटने टेकते उस शख्स को देखा है मैंने,
बारिश की चन्द-चन्द बूंदों से, उभरते हुए सागर को देखा है मैंने,
गहन अंधकार के बाद, प्रातः उस सूर्य की किरणों को महकते देखा है मैंने,
निभाना है किरदार इस जीवन के रंगमंच पर कुछ इस शिद्दत से,
कि जिसे पढ़े कोई और, उसे लिखा हो मैंने।
'क्योंकि मिट्टी से खेलते हुए इंसान को, मिट्टी में मिलते देखा है मैंने'।

- कुमारी अर्चना मेढ़तवाल (MBA II)

FROM THE DESK OF PLACEMENT

HORIZON OF MBA

Earning a professional business degree, or an MBA, can have a number of both expected and unexpected benefits in your life. In fact, those benefits often extend beyond your career and professional goals and are applicable to your non-work life as well. Surprisingly, increased confidence was one of the highest-weighting and most important nonfinancial benefits of earning an MBA degree. Increased Credibility, more job opportunities, broader worldview are the other benefits.

Although MBA degree itself makes a difference in ones career but an appropriate specialisation keeps you at an edge in your career. One can specialise in either Marketing, Finance, Human Resource, Operations, IT or Business Analytics.

MARKETING MANAGEMENT

One of the basic needs of a business is to market and sell its product or service. Candidates with an MBA degree in marketing are expected to excel in marketing their companies products and services in this highly competitive world. The number
